**Radiopharma Jacksonville Facility Update**

Dear Valued Radiopharma Customer,

Following a thorough investigation and remediation process, we are pleased to confirm that the Jacksonville facility now meets all applicable safety and compliance standards.

As a result, we have received the necessary approval for the pharmacy to resume Amyvid production on Friday, May 22.

We sincerely appreciate your patience and flexibility throughout this temporary disruption.

Thank you for the opportunity to continue serving you and your patients.

Best regards,

*Darci Sidwell*
